## City Hall/King George Square station weekend closures

June 2025

As part of the Brisbane Metro project, Brisbane Move is nearing completion of the new Adelaide Street tunnel.

From **Friday 20 June to late August 2025**, Brisbane Move will undertake testing and commissioning activities to prepare the new Adelaide Street tunnel for bus and metro operations. These works will be undertaken on weekends and require a full closure of the Inner Northern Busway from Queen Street bus station to Roma Street busway station.

This means **Queen Street bus station, City Hall/King George Square station and Roma Street busway station will be closed from midnight Friday to 4.30am Monday on each closure weekend**. All affected City Hall/King George Square bus station services will be maintained at alternative stops as per the adjacent table.

These activities will be undertaken continuously (24-hours a day) from:

- Midnight Friday 20 June to 4.30am Monday 23 June
- Midnight Friday 27 June to 4.30am Monday 30 June
- Midnight Friday 4 July to 4.30am Monday 7 July
- Midnight Friday 11 July to 4.30am Monday 14 July
- Midnight Friday 18 July to 4.30am Monday 21 July
- Midnight Friday 25 July to 4.30am Monday 28 July
- Midnight Friday 1 August to 4.30am Monday 4 August
- Midnight Friday 8 August to 4.30am Monday 11 August
- Midnight Friday 15 August to 4.30am Monday 18 August
- Midnight Friday 22 August to 4.30am Monday 25 August

*Dates subject to change pending construction conditions.*

During this time, metros will be replaced by existing Council buses. The M2 service will be identified as RM2 and the M1 service will be identified as RM1, after its commencement on 30 June.

Translink's Journey Planner will be updated, and signage will be installed at impacted bus stops. Please follow signage to access your regular service at alternative stops.

**For information about bus stop and service changes, visit [translink.com.au](https://translink.com.au) or call 13 12 30.**
